Reports from the Lismore & Surbey Supts have been received

The records received with the letter show that the Surbey

Asstt Supt has either sent the record of his enquiry or has not held the enquiry contemplated in Sec 127 of the Code

The record only shows that on a petition from Talkad Krishna Rao the cluster was asked to report with maps & that the Surveyor Supt gave certain verbal instructions to the cluster for fixing the boundary marks

another warrant received from the petr.

Sec 127 of the LR code directs that "a boundary shall be fixed by the Survey Officer according to the Village records & according to occupation as ascertained from the Village officers & the holders of adjoining lands or on such other evidence or information as the Survey Officer may be able to procure"

Petr owns wet land, map No 63. He complains that a channel has been excavated on the land by petr's opponent, which (map No 78) is separating his (petr's) land (dry). The Jamabandi shows his land as wet. Petr's complaint was true & Revenue Supply would take the Survey dept. to fix the boundary marks. The Asst Supt has now decided that the channel is on petr's land.

OFFICE OF THE Deputy Commissioner
MYSORE DISTRICT,

Dated Nagara. 2nd May 1894.

To

The Secretary to the Government of Mysore,
General and Revenue Departments.

SIR,

Adverting to your typical memorandum No. Revn. 11741 dated 18th March 1894, forwarding for report a petition from Jagannathan Krishna Iyer of Kummakatta Village, Nagar Taluk, appealing against the order of the Survey Superintendent confirming that of the Survey Assistant Superintendent, fixing the boundaries of Inam No 63 in the holding of the petitioner, I have the honour to state that the question does not seem to have been taken up on any previous occasion for the Sub-Division as a summary, the Taluk not having yet been brought under Survey Settlement.

2. Herewith submitted as per accompanying Field Book of Records from which it would appear that in 1883, the petitioner complained that the free discharge of the surplus water of his wet land (Inam No 63) had been impeded by obstructions arising in water-course which passes on the adjoining wet land (Inam No 62) having been blocked up by one Chinnaia. The Assistant of the Taluk should have thereby been prevented from cultivating his lands. The Amildar Circular of the Taluk

Yours

finding after a personal inspection that the petitioner's complaint was true, passed an order dated 12th May 1883, directing that the waste water of the petitioner's field should with the consent of Bhowania be let out through a channel constructed on the land of the latter at the petitioner's cost so as not to interfere with the cultivation of Bhowani's land.

In 1893, the petitioner complained that one Krishna Row who had by that time become the owner of Chowdas' land had encroached on his petitioner's land S.No 62 and cut out a Khirki Channel thereon for irrigating portion of the adjacent dry land belonging to him Krishnarow, and that he had also tampered with the Bunds put up by the Survey Department in 1880-81

The Amildar after carefully enquiring into all of the facts of encroachments by personal inspections, submitted the matter for order during the Jamabandi of the Kasbe for 1893-94. The Jamabandi Officer, viz. M. Narayanarao who also inspected the spot in person held that Krishna Row or rather his brother Raghavendra Row had encroached upon the petitioner's land in the manner complained of and he

passed

I have had an order under date the 6th March 1894, directing the survey of "Ekaal" measurement Registered as Portion 1893-94 on the land known as Mr. Cubitt's and the stoppage of further cutting of Timber on the land till the disposal of the Title and Cattle pending before the Survey Department at the time. The Land Officer also directed the rectification of the boundary marks so as to restore them to their original positions.

The Assistant Superintendent, Revenue Survey seems to have subsequently visited the spot during the classification of lands and caused the boundary marks of these two contiguous lands to be fixed accordingly to possession. The references bearing on the subject are not available in the Taluk records.

The petitioner says that this person has the effect of adding the disputed land to Krishna Row's holding and hence his appeal to Government.

The enclosures of your Memorandum under reply are herewith returned.

enclosures from Mr Shama Rão, Spl.

Tirumkuddu Chiriapur Taluk.

2 It will be seen from this, that
at the time of classification one Talakad
Krishna Rão having complained to him
that the boundaries of his field No 61
had not been properly fixed. Mr —
Shama Rão inspected this field in
the presence of the parties and —
village officials and finding that the
boundary between complainants field
No 61 and the adjoining field No 33
which belongs to the appellant was
not laid down, at the time of measure-
-ment in accordance with the actual
enjoyment of the parties, had the —
same altered accordingly.

3 In doing so, he permitted dressed square stones to be substituted for bandhs at the S.E and S.W corners of S.No 33, in the interests of the appellant, in as much as stones occupy less space than bandhs on the side of his field.

4 It will also be observed from Mr. Shama Rao's letters that the appellant instead of losing two or three guntas of land as alleged by him, he ~~has~~ had about 1/4 of a gunta of land — added to his field by this alteration.

5 The procedure adopted by Mr — Shama Rao, in correcting the bound- =aries of fields according to actual enjoyment being quite in conformity with the provisions of Section 127 of the Land Revenue Code, the Super-

ABSTRACT

With reference to his previous petition bringing to notice the irregular procedure of Mr. D. Shamaiah Supdt of Rev: Survey, regarding the ofen-ding out of a Kala in the land bearing Survey No: 63 & Survey No: 43 of Tirumakudlu by the adjacent holders of them the petitioner states that he is given to understand that the Supdt of Survey is arriving at Tirumakudlu on 5-9-98

that

that he is afraid that the disputed land may be given over to the adjacent holder; that from the endorsement of the Dy Supt stating that he would grant 1/4th to the petitioner. Under these circumstances it is plain that he is disposed to defeat the petitioner from holding his land uninterfered.
